ThinkPad Helix

POSITIONING STATEMENT

The ThinkPad Helix is the premiere convertible for business users, with powerful processing and revolutionary flexibility. This touch-enabled convertible is the only product with a "rip and flip" design that transforms Helix from an Ultrabook laptop into a powerful Windows 8 Tablet, for consumption and creation capabilities in one device with all day battery life (10+ hours).

KEY FEATURES

- Ultimate mobility and productivity with up to 10 hours of battery life and a total weight of just 3.68 pounds
- Powerful performance with the latest 3rd Gen Intel® Core processors up to i7
- 11.6" 10-point multi-touch screen with pen touch input and Gorilla Glass
- Bright 400nit IPS panel with FHD (1920 x 1080) resolution
- Near field communications to tap and share
- Intel vPro™ for professional grade, hardware-based security and manageability
- More ways to interact with 10-point multi-touch IPS display screen, new Lenovo glass ClickPad, and digitizer pen

MARKET PERSPECTIVE

The ThinkPad Helix Ultrabook is the ultimate Windows 8 convertible, providing users with the ability to transform between an Ultrabook laptop into a powerful Windows 8 Tablet with both consumption and creation capabilities in one device. With Lenovo's new glass ClickPad keyboard, 10-point multi-touch and digitizer pen functions, and near field communications (NFC) "tap to do" for fast and easy data sharing, Helix provides multiple ways for users to interact, create and consume.

Powerful performance features including the latest 3rd Gen Intel Core processors up to i7, Windows 8 or Windows 8 Pro OS, up to 8GB DDR3 1600MHz memory and up to 256GB SSD storage, make the Helix the premiere business convertible device. Plus, when the Windows 8 Tablet is combined with its base (5 hour battery life), Helix provides over 10 hours of battery life for great mobile productivity.
